Dear Congressman Smith:

Thank you for your inquiry of May 30, 1996, concerning the former city dump located in McIntosh Park in Albion, Michigan.

The Michigan Department of Environmental Quality (MDEQ) has informed us that they conducted a visual inspection of the McIntosh Park site on May 6, 1996. They are attempting to schedule surficial soil sampling at the site before the end of June and expect to receive results approximately four weeks after sampling. We have requested that the MDEQ send you sample results and a written report of their assessment when it is available. The person handling the assignment for the MDEQ is Dan Yordanich of the Jackson District Office. Should you wish to contact Mr. Yordanich directly, he can be reached at (517) 780-7900.

Please feel free to contact me if you have any further questions or concerns about this site.

Sincerely yours,
